

Non-electric Alkaline Water Systems - Model Comparison Table

Model Name >	alkaTREK™	AlkaRev™	AlkaChi™ Green Solution	AlkaPurity™ H-D	RO Accessory Unit™
	Portable	Economical	Green USES LESS WATER	99.5% Purified MOST POPULAR MODEL	Added to existing RO Unit
Unit Price (before tax /shipping)	\$295	\$495	\$745	\$995	\$395
Negative Water Ion Generation Technique	Energized Media Solution™	Same	Same	Same	Same
Electricity Source	NON-electric!	Same	Same	Same	Same
Basic Scientific Principle	Ionization of H2O molecules	Same	Same	Same	Same
Scientific Theory & Understanding	Biogenetics - Far- Infrared resonance creating nano-level thermal & activation of water molecules	Same	Same	Same	Same
Drinking Water Quality	Alkaline (8.0 pH)	Alkaline (8.0 - 8.5 pH)	Alkaline (8.0 – 9.0 pH)	Alkaline (9.5 pH)	Alkaline (9.0 pH)
	Hexagonal (Micro-Clustering)	Same	Same	Same	Same
Antioxidant - ORP	-150 to -450mV	-200 to -450mV	-300 to -450mV	-300 to -650mV	-300 to -450mV
Water Outputs	Alkaline Energized Water	Alkaline Energized Water	Alkaline Energized Water	Alkaline Energized and Flush Water	Alkaline Energized Water
Source Water Types Supported	2 Kinds – City and Well Water	Same	Same	Same	N/A
Application Designs	Counter Top only	Counter Top only	Under Counter only	Under Counter only	Under Counter only
Faucet Finishes Available	Chrome Delivery Spout	Uses existing Kitchen Faucet	Polished Chrome or Brushed Nickel	Polished Chrome or Brushed Nickel	N/A
1-time pH/ORP Measurement:	8.60 / -278	9.20 / -371	9.20 / -388	9.85 / -575	8.9 / -320
Filter Components / Stages	1 component 11 stage system	2 components 12 stage system	5 components 17 stage system	6 components 17 stage system	2 components 10 stages

Model Name >	alkaTREK™	AlkaRev™	AlkaChi™ Green Solution	AlkaPurity™ H-D	RO Accessory Unit™
Estimated Filter Life	Source water dependent	Same	Same	Same	Same
Estimated Fluoride Reduction	Up to 30%	Up to 40%	Up to 50%	Up to - 84%	N/A
Chlorine Filter	Yes	Yes	Yes	99.5% Total Purification System	N/A
Chloramines Filter	Yes	Yes	Yes	99.5% Total Purification System	N/A
VOCs, MTBEs, Herbicides, Pesticides Filter	Yes	Yes	Yes	99.5% Total Purification System	N/A
Arsenic and Heavy Metals Filter	Yes	Yes	Yes	99.5% Total Purification System	N/A
Algae, Fungi and Bacteria Filter	Yes	Yes	Yes	99.5% Total Purification System	N/A
Water Taste & Odor	Removes bad taste and odor	Removes bad taste and odor	Removes bad taste and odor	99.5% Total Purification System	N/A
Viruses, Cysts, Spores, Scales Filter	Yes	Yes	Yes	Yes	N/A
Possible Connectivity to Refrigerator Water and Icemaker	No	No	Yes	Yes	N/A
Connectivity to R.O. Water Source	No	No	Yes	N/A	Yes
Unit Price (before tax /shipping)	\$295	\$495	\$745	\$995	\$395
Service Warranty	Renewable 1-year Warranty	Renewable 1-year Warranty	Renewable 1-year Warranty	Renewable 1-year Warranty	Renewable 1-year Warranty
Replacement Filter Cost	\$149	\$149 Set	\$199 Set	\$199 Set	\$149 Set
Conclusions:	Unique, portable clean Alkaline Water. Have fresh Alkaline Energized water when you travel. Great value.	Best filtering / energized alkaline water system available today. Matches or better water pH, ORP and micro-cluster effect. Most cost-effective.	Cleanest and greenest W-R energized alkaline water system. Very highly filtered system - great pH and negative ORP. Very cost-effective.	Best purification / energized alkaline water system available today. Purified Alkaline Energized Water. Very high value.	Unit is designed to be plumbed in between an existing RO unit and an existing RO faucet.
